

SL-NT24CV20W-DB1

Power supply 20 Watt white

PRODUCT FEATURES

- » power supply 20 Watt ink, 2 m connection cable
- » long service life
- » Short circuit - Short circuit protection
- » Over load protection
- » 6 way distribution box for connection of SIRO Receiver (SL-REC02, SL-REC03) and MONO Led products without control

TECHNICAL DATA

- » input voltage:..... 220 - 240 VAC
- » output voltage:..... 24V DC
- » output current:..... 0,83 A
- » power:..... 20 Watt
(10% Reserve recommended)
- » protection class: IP20
- » frequency Input: 50Hz bis 60Hz
- » housing colour:..... weiß
- » ambient temperature: -20° - +45° C
- » protection:..... short-circuit protection,
overload protection

DIMENSIONS

- » Length:..... 140 mm
- » Width:..... 48 mm
- » Height:..... 14,5 mm
